

DISTRIBUTORS OPPORTUNITY

create extra sales and cashflow

Versatile new options to make outdoor entertaining areas usable in changeable weather conditions:

- All Seasons® vinyl panels slide and stack to retain the view, control the breeze or block the rain.
- Combined with screen panels to keep out annoying insects.
- Affordable options for non-habitable areas.

All Seasons® sliding panels are delivered to the distributor custom made ready for assembly and installation on site.

Manufactured from:

- Strong powder coated aluminium frames, available in white, primrose, paperbark and black
- Durable weather and UV resistant 10mm vinyl panels come in clear or charcoal tint to reduce glare.
- Durable fibreglass insect screen comes standard with options to have paw proof (great for pets) and micro mesh (great for sand flies)
- Optional doors for access.
- Options: 1. Perspex lowtite inserts
2. Security door inserts

The manufacturer of All Seasons® panels has been in the patio and awning industry for over 30 years with the panels designed by qualified building tradesmen.

*The latest in
outdoor entertainment areas
and options.*

All Seasons®..... sliding awning panels allow customers (or home owners) to enjoy the benefits of being outdoors whatever the weather... everyday can be a perfect day.

All Seasons® sliding awning panels are perfect to enclose existing patio roofed areas and verandahs. Featuring the latest “smooth slide” action sliding panels, fitted with spring loaded wheels top and bottom to ensure that perfect slide motion every time.

Full height multiple sliding stackers create a breezy summer leisure area or a warm winter paradise in only seconds.

A comprehensive tradesman’s technical manual is provided for construction.
